Dear BlazeSports America Friends, Volunteers and Supporters:

Sometimes we hear someone shout “Finish Strong!” just at that moment when we think we can’t make it. Whether it’s a coach, a parent, a friend or a fellow athlete, those two little words of encouragement can give us the added boost for success—on or off the playing field. At BlazeSports America, we take great pride in changing the lives of people with physical disabilities in Georgia, across the United States, and Internationally through adaptive sport and recreation, training and education and creating opportunities through sport for athletes to hear and cheer, “Finish Strong.”

When we reflect on the tremendous impact BlazeSports America made in 2015 and look forward to celebrating our 20th anniversary in 2016, we realize that when it comes to our mission, we are absolutely “Growing Strong.” Our athletes are Growing Strong. Our programs are Growing Strong. The awareness of BlazeSports America is Growing Strong. So while our athletes, coaches and staff do their best to finish strong—our dedication to serving people with physical disabilities in communities large and small through adaptive sport and recreation is never finished.

Listed below are 2015 highlights showing how we are “Growing Strong” in changing lives:

• Our Youth and Veteran adaptive sports and recreation programs nearly tripled the number of unique participants in 2015—increasing total participation to over 7,100.
• We grew our equipment loan program more than 70% so more Youth and Veterans had access to adaptive sports equipment making it possible for them to participate.
• The BlazeSports base of volunteers experienced an 82% increase.
• New partnerships both internationally and within the United States were established and strengthened.
• Our “Sports for All” initiative was launched in Brazil promoting the inclusion of people with disabilities through sport.
• More than 10 new BlazeSports adaptive sports and recreation programs were launched including Veterans adaptive golf and Youth archery.
• BlazeSports America was highlighted in more than 52 publications worldwide and featured on several major television broadcasts generating more than 7.5 million impressions.

On behalf of the BlazeSports America staff and Board of Directors we would like to thank you for your support in 2015 and look forward to “Growing Strong” with you in 2016.

Sincerely,

Duane Morrow  
Board Chairman

Cynthia Frisina  
Executive Director

www.blazesports.org
At BlazeSports America, our mission is to CHANGE THE LIVES of children and adults with physical disabilities through ADAPTIVE SPORT and RECREATION.
Our Young Athletes GROW STRONG in 2015

BlazeSports America offers robust programs and camps for kids and teens.

At BlazeSports, our Youth programs and camps offer a variety of community-based adaptive sport and recreation options for kids and teens with physical challenges. Our first priority at BlazeSports America is to introduce the positive impact of sport and recreation to kids and teens with physical disabilities, no matter the level of skill. From beginners to advanced, our adaptive sport and recreation programs provide pathways to increased self-confidence, better physical and mental health, and improved independence.

Here are a few of the 2015 Youth program highlights:

**National Champions: BlazeSports Atlanta Jr. Hawks Wheelchair Basketball.** The BlazeSports Atlanta Jr. Hawks Wheelchair Basketball Program is one of the nation’s fastest growing and most successful Youth wheelchair basketball programs. Our young players grew stronger all season by ultimately winning the National Wheelchair Basketball Association Prep championship in 2015 a fourth time, and our Varsity team finished in the top eight nationally!

**Atlanta Track Club Named BlazeSports America 2015 Youth Partner of the Year.** The BlazeSports Track & Field program has grown into a strong entryway and introduction into adaptive sports, expanding to a year round initiative with a team of highly qualified coaches and volunteers. Kids and teens with physical challenges such as spinal cord injuries,
“If I was never in a wheelchair, I would have never known my best friends that I play basketball with. We’ve been National Champs for four years.”
— Collin L., 12, wheelchair basketball; track & field

“BlazeSports has helped me turn my unexpected disability into my ABILITY in the pool! My goal is to make it to the Paralympic Games. I am grateful for all that BlazeSports has helped me accomplish.”
— McClain H., 15, swimming, U.S. Paralympic Team 2016

“Playing wheelchair basketball with BlazeSports has changed my life. They strive for the best experience possible for our athletes and they never fail to give it to us. BlazeSports has given me an opportunity to truly experience my passion of wheelchair basketball like I have never before. Without BlazeSports, my life would be totally different.”
— Samuel A., Varsity wheelchair basketball athlete.

Cerebral palsy, spina bifida, amputation, visual impairments and muscular dystrophy are finally on the track and having fun!

Archery: “Girls with Bows.” This new 2015 archery program provided adaptive archery training paired with a dose of “girl power” and character development. Girls built self-esteem, developed leadership skills and learned the value of teamwork and sportsmanship.

Swimming: BlazeSports significantly increased the number of swim participants and volunteers in 2015. Our dedicated coaches encourage and train youth with physical disabilities at any skill level from beginner to Paralympic level international competitors. Our Youth swim program is year-round, and partners with two facilities locally in Atlanta.
BlazeSports America believes that every child has the right to play, to live a healthy lifestyle, to make friends, and experience the benefits of sport and recreation. Taking part in adaptive sports can open doors to the future and we encourage kids to try a variety of activities to broaden their horizons. Growing up should be filled with fun, friends and memories! At BlazeSports, our mission is to provide new experiences to kids with physical disabilities through our fun-filled residential summer camp and outdoor recreation programs. Activities include adaptive rock climbing, kayak, paracanoe and a variety of other watersports.
“My BlazeSports coaches inspire me to believe in myself and encourage me to work hard so that I can reach all of my dreams. They make me feel like anything is possible.”

— Grace B., 12, swimmer, track & field

BlazeSports America focuses not only on the athletic development of the kids in our programs, but also on becoming well-rounded happy people. We provide a variety of opportunities for our Youth athletes to give back to the community, receive academic tutoring, gain leadership skills, and develop increased self-confidence and independence.

Having the opportunity to participate in adaptive sports changes the lives of Veterans, children and adults with physical disabilities, as well as their families. We see it firsthand every day. There is an increased focus on the power of sport to transform lives and the power of the human spirit to overcome adversity and challenges in all forms.”

— Cynthia Frisina, BlazeSports America Executive Director
BlazeSports VETERAN PROGRAMS
Change Lives

“Right now, on a day to day basis, we’re losing a lot of Veterans to suicide. And if they had programs like what BlazeSports has for military athletes, there would be something to inspire them as well.”
— Jacques Swafford, Veteran, aspiring Paralympian

“Once I got out of the military, and shot that first arrow, I got the bug. Something said ‘Do it. Do it.’ And it got me out of the house. I saw the other programs—the cycling, the bowling, and of course I do archery. Now I’m doing as much as I can throughout the week to keep me out of the house. I’m going to do everything my body allows me to do.”
— Cedric Geter, Veteran (Army), archery, track & field

“BlazeSports provides healthy programs and a fostering environment for myself and my fellow Veterans. This is why I feel that it is an honor for me to give back to BlazeSports America.”
— Errol “Big D” McKnight, Veteran (Army/Air Force) archery, BlazeSports staffer

2015 Veterans Adaptive Sports Program Line-Up
• Archery
• Golf
• Soccer
• Boccia
• Track & Field
• Cycling
• Rock Climbing
• Bowling
• Swimming
• Water Sports

BlazeSports America also supports Veterans through competitions like our own Roosevelt Games and other regional and national competitions. In addition to our Veteran adaptive sport offerings, Life Coaching and PTSD Training were added in 2015—another component in the growing success of our Veteran programs.

www.blazesports.org
129% increase in Veteran participation in 2015

Serving Veterans with physical disabilities, homeless Veterans, Veterans and active military at the Georgia military forts.

New golf and soccer programs added in 2015.

Serving 1,200+ Veterans, 100% success rate in suicide prevention to date among BlazeSports Veteran participants.

500+ Veterans benefit from our Veteran Equipment Loan Program for cycling, archery, golf and track.

2015—More Veterans, More Programs, More Lives Changed

BlazeSports America offers Veterans adaptive sports programs, clinics, trainings and competitions that provide opportunities for Veterans and military personnel with physical disabilities to become active again, get out of the house and get physically fit. We believe that getting involved with sports and recreation is an integral part of the community reintegration process post injury.

Participating Veterans experience new relationships and the life changing power of adaptive sports. Many discover new talents and skills with a particular sport and continue to pursue adaptive sport competition. To date, not a single Veteran has been lost to suicide since joining the BlazeSports Veterans programs—so important in light of a high rate of daily suicides among U.S. Veterans.

2015’s newest and most popular Veterans program, “Boots to Birdies” brought Veterans together on the golf course. Our partnership with the Georgia State Golf Association and alignment with talented golf coaches has proven to be a successful formula for the growth of our adaptive golf program. All levels of abilities are accommodated.

BlazeSports America broadened its Veteran outreach and community partner development in 2015 by adding the Georgia military forts as key strategic partners, in addition to the Georgia State Golf Association, U.S Paralympic Soccer, Disabled Sports USA and many others. BlazeSports Veterans adaptive programs are currently aligned with more than 25 Veteran serving organizations and growing.

BlazeSports America and the U.S. Soccer Federation’s National Paralympic Soccer Team (USPNT) paired up once again in March 2015 to host the 4th successful “From Battlefield to Soccerfield” Veteran Paralympic soccer camp at Oglethorpe University in Atlanta, GA.

“From Battlefield to Soccer Field” BlazeSport Veteran Paralympic Soccer Camp: BlazeSports America and U.S. Soccer Federation’s National Paralympic Soccer Team (USPNT) paired up again to host the 4th successful camp at Oglethorpe University.

129% increase in Veteran participation in 2015

2015’s newest and most popular Veterans program, “Boots to Birdies” brought Veterans together on the golf course. Our partnership with the Georgia State Golf Association and alignment with talented golf coaches has proven to be a successful formula for growing our adaptive golf program.
Impacting and Enhancing GLOBAL AWARENESS of Sport For Social Impact

BlazeSports International Continues to Impact the Global Community

BlazeSports is committed to empowering individuals with disabilities all over the world to live active and healthy lifestyles in order to improve overall quality of life. In globally targeted regions, BlazeSports International works with government agencies, national Paralympic committees (NPC), non-governmental organizations (NGOs), international program administrators and recreation leaders to raise awareness of the importance of inclusion and sport participation for all. BlazeSports focuses on solving the challenges that international local communities face by increasing access to adapted sports opportunities through building capacity for sport development, providing resources, strengthening coalitions and creating sustainable impact in their communities.

BlazeSports worked in a variety of countries and regions of the world in 2015. Here are a few of our highlights:

Brazil
In 2015, the “Sports for All” program was launched in Brazil to promote inclusion of people with disabilities through sport.

Serving as a platform for future international work, the BlazeSports International “Sports for All” program was launched in Brazil with the attendance of the U.S. Ambassador to Brazil; Director of the Office of Democracy, Human Rights, and Governance—United States Agency for International Development (USAID); the State Department’s Special Advisor for International Disability Rights, and an audience of Brazilians with and without disabilities.
The turnout of attendees and extensive media coverage solidified BlazeSports’ commitment to improving cultural perceptions of individuals with physical disabilities.

Haiti
BlazeSports concluded a four-year project in Haiti in 2015—funded by the UN Office on Sport for Development and Peace (UNOSDP). This project focused on developing Paralympic sport and raising awareness of people with disabilities through adaptive sport. The design of the project worked well due to strong relationships with four participating special schools, the Haiti National Paralympic Committee, FGPC (Gérard Pierre–Charles Foundation) and ongoing monitoring and evaluation.

“With the BlazeSports pilot project in Haiti, it is very clear to me that adaptive sports can be a great vehicle for inclusion. For example, parents with few resources are motivated to buy their sons and daughters sports shoes for adaptive physical education classes.”
— Daniel Pierre-Charles, Director Foundation
Gérard Pierre-Charles (Haiti)

“It has been a great pleasure for SESC to work with BlazeSports which is the direct legacy from the 1996 Paralympic Games, especially in an important period in Brazil where we are hosting major sporting events, including the 2016 Paralympic Games. BlazeSports has been very collaborative. We feel empowered by the ‘Sports for All’ program which has developed leaders who will continue to impact their communities beyond the conclusion of the initiative.”
— Lilia Motta Passos, Manager of Sport and Leisure SESC, National Department (Brazil)

“BlazeSports continues to establish itself as the vanguard of international work in promoting development and human rights through sport.”
— Dan Holland, Board Member, former BlazeSports Board Chairman

The BlazeSports International four-year initiative in Haiti promoted awareness of the rights of individuals with physical disabilities to participate in physical activity and sport.

Above, below and facing page: The “Sports for All” initiative in Brazil consisted of training workshops and inclusive sports festivals promoting inclusion through adaptive sports. Sessions encouraged individuals with and without physical disabilities to play together.
GROWING STRONG
Starts with Knowledge

BlazeSports Builds Capacity in Adaptive Sport and Physical Activity

The BlazeSports America Institute of Adaptive Sports and Recreation introduced the Certified Disability Sport Specialist (CDSS) program in 2009 to fill a void in national training and education within the adaptive sport and physical activity community. This program equips practitioners, coaches and teachers in communities and schools with the knowledge to deliver safe programming and adhere to the standards of best practice. In 2015, BlazeSports expanded CDSS offerings to six universities in addition to the online curriculum, certifying students and the next generation of adaptive sport and physical activity practitioners nationwide. The BlazeSports CDSS program was selected in 2015 by Huntingdon College’s Adaptive Sport Network and Alabama Department of Education as the certification of choice for physical education teachers across the state.

BLAZESPORTS AMERICA COACHES

What Do Some of Our Coaches Have to Say?

COACHES
- Eric Johnson, Youth Basketball
- Fred Lamback, Youth and Veteran swimming
- Pat Bowen, Youth Archery
- Chris Tackett, Veteran Archery
- David Windsor, Veteran Golf
- Chad Cobb, Paracanoe and Kayak

VOLUNTEER COACHES
- Wheelchair Basketball
  - Alex Armas
  - Patrick Chapman
  - Brad Elzey
  - Paul Hutchinson
  - Jason Joines
  - Marc Lancaster

- Track & Field (Ambulatory and Wheelchair)
  - Jessica Cloy
  - Maggie Frederick
  - Michael Higgins
  - Marc Lancaster
  - Gus Smith
  - Adam Stone

- Swimming
  - Juli Lamback

“With BlazeSports athletics, it goes beyond the sport…. the experiences of training, traveling, packing, scheduling…. these things instill independence in these kids.”
— Marc Lancaster, wheelchair basketball; track & field coach; parent of adaptive athlete

“Every practice is a success story. It’s a swim team by name, but this is where the kids can swim and not be self-conscious…”
— Fred Lamback, BlazeSports swim coach

“I was injured in a car accident when I was seven. Fortunately the hospital back then had an adaptive sports program, which transformed my life. I would see BlazeSports coaches and athletes all the time, and now that I live in Atlanta— I am able to apply my passion for adaptive sports through BlazeSports programs.”
— Jessica (Galli) Cloy, BlazeSports track & field coach; 4-time Paralympian

Since 2000 BlazeSports America has trained more than 8,500 students, practitioners, teachers, coaches and therapists and helped more than 100,000 people with physical disabilities become more physically active and participate in sports and recreation.
TRIUMPH of the HUMAN SPIRIT AWARDS

Atlanta FOX 5 TV News Anchor Paul Milliken hosted the first annual 2015 BlazeSports America “Triumph of the Human Spirit Awards” at the Primerica Headquarters in Duluth, Georgia in November 2015. This prestigious award ceremony honored Paralympians, athletes, coaches, volunteers, teachers and organizations throughout the state of Georgia who demonstrated leadership and inspiration in adaptive sports and recreation.

Atlanta Santa Speedo Run Chooses BlazeSports America

On December 12, hundreds of Atlantans dressed in holiday costumes participated in the Atlanta Santa Speedo run—raising money for BlazeSports America. BlazeSports was chosen as the beneficiary of the Atlanta Santa Speedo Run, receiving $45,000 to support our adaptive sports and recreation programs in the Atlanta metro area.
With your support, BlazeSports America can continue to grow strong and change lives. In addition to the goal of adding new programs and improving our organization, the adaptive sports programs outlined in this report are in constant need of funding for successful execution and ability for BlazeSports to continue to change the lives of individuals with physical disabilities through sports.

Thank you in advance for considering donating to BlazeSports America

www.blazesports.org/donate-now

Of the more than 1,000,000 charities operating in the United States, BlazeSports America is one of only 2,500 nonprofit organizations to receive the “Best In America” seal of excellence from the Independent Charities of America.

“When I talk to other parents to get their children involved with BlazeSports, my case for them is ‘YOUR child can have this too.’”

— Alex Armas, father of two sons with spina bifida, BlazeSports board member, volunteer coach

Based in Atlanta and celebrating 20 years of operation in 2016, BlazeSports America embraces the mission of changing the lives of children and adults with physical disabilities through sport. In addition to its US efforts, BlazeSports America has served individuals and communities in 11 countries, and partners with organizations around the world to provide adaptive sports leadership to an increasingly international constituency. The BlazeSports interdisciplinary approach includes community based sport and recreation adaptive programs, training and education, leadership programs, Paralympic sports, camps and clinics, continuing education and certification, sports diplomacy and sports for social impact. BlazeSports America serves children and adults through adaptive sports and recreation programs, as well as military veterans with physical disabilities and service related injuries.

BlazeSports America is a 501(c)(3) nonprofit organization that is the legacy organization of the 1996 Paralympic Games held in Atlanta, Georgia offering adaptive sports programs and services that encourage lifelong health, build leadership skills, foster independence and inclusion. BlazeSports America is a member of the United States Olympic Committee – Multi-Sport Organizational Council, and the USA Member Organization of the Cerebral Palsy International Sport and Recreation Association (CPISRA).
